Missionaries to

BOLIVIA

February 2025

Dare to Be Different:

One of the most exciting times in our ministry each year is when we have teen camp. The young people in our churches get very excited and call it their favorite outing of the year. This year's camp was focused on Daring to be Different and Going against the Current. In a world where there is so much pressure on young people to follow along with everything that is taught without questioning, it can be very difficult for them to be different. The world has such a strong current towards evil that it takes a lot of bravery and determination to shine for the Lord. We had classes on the importance of being different and also the different tools that can help young people be different. Some of those tools were, Salvation, The Word, Prayer, The Church, and Discipleship. This year's camp was considered international because we had a group of close to thirty that came from Peru, along with Pastor Juan Pacheco and Joaquin Malaga that preached. We praise the Lord for all the decisions that were made and pray that these young people can truly make a difference in our world.

Change in Course:

We praise the Lord for each of our children and their desire to serve the Lord. As you might remember last year our daughter Taylor was studying Nursing with a desire to use her degree in missions. Well at the end of the year, she spoke with us and shared that she felt really compelled to change her direction a little and that the Lord wanted her to be a missionary without the Nursing part. So she is now preparing to be a missionary at the *Vision School of Missions*, that is at our mission board headquarters in Dawsonville, Georgia. While we never pressure our children towards the ministry we are excited for the Lord's direction and know that He is going to use her greatly. If you, or someone in your church is interested in missions, I would highly recommend the *Vision School of Missions* where you can learn about being a missionary from missionaries that have been greatly used of the Lord.

Effective Evangelism:

At our church in Chiquicollo we are currently having evangelism training during our Sunday School hour to help our people be better prepared to share the gospel. This is a ministry of one of the men from another one of our churches and is focused on being more effective and biblical as we evangelize. In a world that has so many that profess to be Christians yet show no real fruit of that decision, I feel like this has been very helpful. Often before someone will truly repent and believe, they must understand their guilt and condition before God. This can be done by using the very Law of God, which leaves us guilty and without any defense so that we can look to the Savior and the hope that He brings. Pray that we can reach many with the gospel through this ministry.

Prayer Requests:

1. Pray for the Lord's protection over our families, physical and spiritual well being.
2. Pray for our churches and pastors for the Lord's guidance and provision.
3. Pray for the paper work that we are doing for several of our churches.
4. Pray for the Bolivian government and the upcoming elections in August.
